First Responders Workflow Management

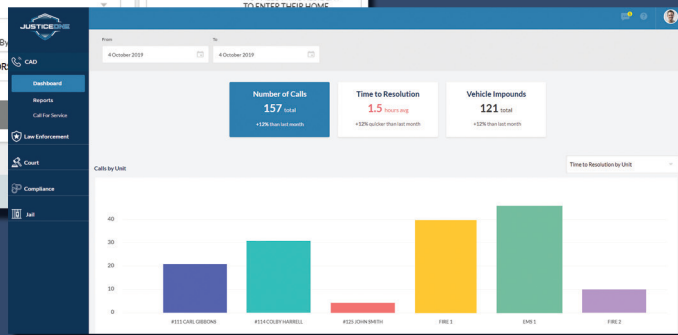

Cloud-Based

Hosted on CJIS Secure,
Microsoft Azure Government
Cloud.

- Reporting Module
- Advanced Search
- Patrol View
- Manage Units
- Call Grid Preferences
- Admin Portal

- Data Center Redundancy
- 99.9% Uptime

The screenshot displays the JusticeONE CFS Dispatch interface. On the left is a sidebar with navigation options: CAD, Dashboard, Reports, Call For Service, Law Enforcement, Court, Compliance, and Jail. The main area shows a list of active calls with columns for CALL ID, CALL TYPE, DISPATCHER, COMPLAINANT, RECEIVED TIME, ON-HOLD TIME, UNIT NAME, PRIMARY LOCATION ADDRESS, DISPOSITION STATUS, and CALL ACTIONS. Below this is a 'Call Details (2074)' section for call #2074, showing a table with call details, locations, complainants, involved units, involved persons, involved vehicles, and unit call activity. The bottom right shows a 'Call Remarks (2074)' section with a text area for notes.

More efficient. More productive. Better response.

- Cautions, Alerts & Notifications
- Role-Based Dashboards
- Event & History Reports
- Easy Collaboration
- Simultaneous Call Working

Simplified Workflow

The JusticeONE® Call for Service Module powered by Courtware, is designed specifically for speed and ease of use by Dispatchers and teams needing simple, flexible, and streamlined workflows for managing field assignments for First Responders.

Our smart screen designs, data auto-fills, and in-app streamlined workflows reduce the time it takes to create and share a new call and for field teams to respond to and work it.

This multi-display, cloud-hosted app offers a personalized, role-based experience for Dispatchers & Call Takers, First Responders and System Administrators.
