# JMS Flexible and Modular

## 20+ Modules Flexible & Modular for Any Size Jail

All jails operate differently, therefore we designed the BluHorse Inmate Management System from the ground up to be flexible and modular. To do this we created small, pluggable modules that can be added when it's right for you. Each of these modules can be added at any time or if your facility needs something not currently offered, we can create the module for you and simply plug it into your system when ready.

The screenshot shows a 'Medical Incident Form' window. At the top, there is a tab for 'Inmate Info' containing fields for Bookno (2012000605), SSN (999-99-9999), DOB (7/14/1981), Cell (69 1 7), Name (DOE, JOHN E), and Allergies. A photo of a man in an orange shirt is displayed to the right. Below this is a table with columns 'Date', 'Complaint', and 'Complete'. A single entry is visible: 1/2/2013 4:18 PM, DISCOMFORT IN CHEST. The bottom section has tabs for Medication, Vitals, Nurse's Notes, Doctor's Notes, and History. The Vitals tab is active, showing a table with columns: Weight, Temp, B/P, Pulse, Resp, O2 Sat, B/S, LMP. A row of data is shown: 1/2/2013, 4:18 PM, 98.7, 120/80, 62, 12. To the right of the table are dropdown menus for Date (1/2/2013) and Time (4:18 PM), and a Save button. On the far right, a 'Status' section contains checkboxes for 'Seen By Nurse', 'Seen By Doctor', 'Flag As Diabetic', and 'Flag As Special Diet'. Below these are buttons for 'Schedule Dr. Visit', 'Schedule Follow up', 'Mark As Complete', 'Save / Update', 'Print', 'View Inmate Notes', 'Add Inmate Note', and 'Close'.

### Customized State Reporting Data

The state Inmate module provides means for tracking state Inmates and producing state required reporting. This module is customized on a state by state basis as every state is different in what information they track and how. It will provide many of the statistics required by the state concerning Inmate population.

The screenshot displays the 'Identifying Marks' module for an inmate named 'DOE, JOHN E.'. The interface includes a search bar, inmate information (SSN, DOB, Race, Eyes, Hair, Marital Status, Address), and a 'Markings' section with body diagrams. Three 'Identifying Marks' windows are overlaid, showing 'Front/Rear' views of the body, head, and hands. Each window has a 'Mark Type' list (Scar, Tattoo, Amputation, Birthmark, Deformity) and a 'Current Marks' list. A blue banner across the windows reads 'Identifying Marks: Scars, Marks & Tattoos'. Another blue banner over the top window reads 'Customized Data & Reporting'.

Jail Website with Real-Time Listing of Inmates

Provides for creation and maintenance of jail's website if one does not exist. A real time listing of all Inmates can be placed on the website and will automatically update with each booking or release. If the jail already has a website we can integrate this into the existing website. The facility has the ability to enable/disable what fields are displayed and whether or not past Inmate searching is available.
